## Pretrial Fairness Act (PFA) Weekly Dashboard

September 18, 2023 – February 17, 2024

The Pretrial Fairness Act (PFA) Dashboard is a cumulative summary of initial decision points for criminal cases filed in the Circuit Court of Cook County since the Pretrial Fairness Act took effect on September 18, 2023.

Data sources are: administrative data from the Enterprise Justice Case Management System (CMS) maintained by the Clerk of the Circuit Court; Public Safety Assessments; assignments to and weekly caseloads for pretrial supervision, Home Confinement Unit (HCU) – Curfew Program, and the Bischof Program all collected and maintained by Adult Probation's Pretrial Services Unit and the Social Services Department; and publicly available information on the daily jail and Sheriff's electronic monitoring program. Summary data for the dashboard are compiled by staff from the Office of the Chief Judge<sup>1</sup>.

### Composition of All Criminal Cases Filed Since PFA Effective Date

**Table 1** shows the composition of all criminal cases filed since PFA effective date.

- To date, 24,893 criminal cases have been filed and recorded in the Enterprise Justice CMS.
- 43% (10,588) of all filings had a top charge of misdemeanor/other<sup>2</sup>, 21% (5,242) were domestic violence<sup>3</sup> cases, and 36% (9,063) were felony cases.
- The first appearance hearing for 59% (14,676) of criminal cases were in District one, 12% (2,889) were in the Domestic Violence Division, and the remaining 29% (7,328) were in Districts two through six.

\* First appearances on weekends and holiday weekdays are conducted in the Leighton Criminal Courthouse.

<sup>1</sup> Each week, OCJ rebuilds cumulative numbers with the addition of a new week of data. However, all differences in the cumulative data in Table 1 and Figures 1A through 3B from the current week and the prior week will not be due entirely to case activities that occurred in the new week. Lag in data entry will account for a small portion of this difference.

<sup>2</sup> In most instances, 'other' charges are misdemeanors or less often felonies with insufficient charge information to permit algorithmic classification. Manual classification of these charges is not feasible.

<sup>3</sup> Domestic violence cases are identified by a 'DV' case type designation in the case number sequence. Domestic violence cases are criminal actions that involve a relationship defined by the Illinois Domestic Violence Act. Domestic violence cases are Class 1, 2, and 3 felonies through preliminary hearing, class 4 felonies, and misdemeanors.

<sup>4</sup> The Adult Probation Department's Home Confinement Unit (HCU) operates two separate electronic monitoring programs for two distinct populations, the Curfew program and the Bischof program. Neither system is superior to the other, but they are appropriate for different purposes. The first program uses both Radio frequency ("RF") technology and Global Positioning Systems ("GPS") technology to monitor and enforce curfews that are a condition of bond or a condition of probation. The Bischof program operates under the authority of the Cindy Bischof Law, and is designed to provide a layer of protection for victims of certain domestic violence offenses. This program uses a GPS device attached to the ankle of a defendant to continuously monitor their whereabouts.
