Breath Alcohol Ignition Interlock Device (BAIID)

— A device installed on a vehicle that tests your breath and prevents the vehicle from starting if alcohol is detected. A first-time DUI offender is required to drive with a BAIID if issued a Monitoring Device Driving Permit (MDDP) during their statutory summary suspension.

If you are issued an RDP and have received in separate occurrences: 1) two or more DUI or reckless homicide convictions, or any combination thereof; or 2) one DUI or reckless homicide conviction and one statutory summary suspension; or 3) a single DUI conviction that resulted in a fatality or great bodily harm to another; or 4) conviction of driving while revoked due to reckless homicide, you are only allowed to drive a vehicle equipped with a BAIID. An exception is allowed for a vehicle owned by your employer and used for employment purposes only. If you have two or more DUI convictions, you must also install a BAIID for five consecutive years (1826 consecutive days) on all vehicles owned, co-owned, leased, and operated as a condition of an RDP issuance.

DUI disposition — A conviction or supervision, an implied consent, or a statutory summary suspension for driving under the influence, or a conviction for reckless driving reduced from DUI, or reckless homicide or fatal accident if alcohol/drugs were shown to be a factor, occurring in any state.

Consultation — First step in applying for reinstatement of driving privileges or an RDP after suspension or revocation. Takes place with an informal hearing officer, who reviews your driving record and explains the documents required to apply for reinstatement of driving privileges or an RDP.

Denial — Denial of any request for reinstatement or an RDP.

Eligibility date — Date you may be considered for reinstatement following revocation or extension order. If “proj. elig.” indicates N/A, you are ineligible for reinstatement of driving privileges.

Formal hearing — Required if your privileges have been suspended or revoked for an offense(s) involving a fatality or great bodily harm or multiple DUI dispositions. A formal hearing must be requested in writing, along with a \$50 filing fee.

Informal hearing — Required if your driving privileges have been suspended or revoked for an offense not involving a fatality or for a single DUI disposition. Held on a walk-in basis.

Proof of financial responsibility — Minimum liability insurance is required before reinstatement or issuance of an RDP. Must be filed with us in the form of a certified policy of insurance, cash deposit, or surety bond, and must be maintained for three years. Insurance must be submitted on an SR-22 certificate.

Restricted Driving Permit (RDP) — Partial restoration of driving privileges, which allows you to drive in certain areas and at certain times for employment; support/recovery meetings; or to transport yourself, a family member, child, senior citizen, or disabled person living in your household for medical, day care, or educational purposes when no other form of transportation is available. You must prove a hardship exists if you have not reached your eligibility date and submit proof of employment; support/recovery group meetings; need for medical care; senior citizen, disabled person, or day care verification; or an educational verification form and class schedule. If convicted and imprisoned for reckless homicide or aggravated DUI that was a proximate cause of a death, you may not be given relief until 24 months after release from imprisonment. If you are under age 21 and convicted for DUI, you are ineligible for an RDP until one year from the effective date of revocation.

Revocation — Loss of driving privileges for an indefinite period. You may apply for an RDP but cannot apply for reinstatement until your eligibility date. To regain driving privileges, you must meet certain legal and administrative requirements.

Lifetime revocation — Permanent revocation after the fourth conviction for any combination of DUI, leaving the scene of a personal injury/fatal accident, or reckless homicide. Eligible for an RDP after serving five years under revocation from last/most recent revocation effective date or prison release date, whichever is later.

Reinstatement — Full restoration of driving privileges. Allows driving at any time and anywhere, provided you have obtained a valid driver’s license and are not suspended or revoked or withdrawn in another state. All revocations and most suspensions require a reinstatement fee.

Statutory Summary Suspension (SSS) — Administrative suspension of driving privileges resulting from a DUI arrest. A BAC of .08% or more, a tetrahydrocannabinol concentration of 5 nanograms or more in the blood, or 10 nanograms or more in any other bodily substance, any trace of other impairing drugs, or failure to complete or refusal to test for alcohol or other drugs results in an automatic suspension, effective the 46th day from the date the notice is given to you. This is separate from other criminal charges against you. An MDDP can be granted if you are a first-time offender, which requires a BAIID to be installed.

Suspension — Loss of driving privileges for a period of time, generally not more than a 12-month period. You may apply for an RDP to drive during a suspension; however, certain suspensions may not allow for an RDP.
